- Will give the people what they want
- Listening and working with people's ideas
- Negotiating prices and finding good deals
- Multilingual

If given the chance to be Vice President I will ensure a fantastic end of year tour to celebrate all the hard work! With experience in being social secretary I am used to organising and planning events with people's optimum enjoyment as the goal and will guarantee an action packed good time. Not only will this be applicable through tour but throughout the year in supporting committee members and the president.
