## FOR MUMS PRESIDENT

### What will I do?

Continue to welcome everyone from across the university to our society regardless of experience, genre or subject; MUMS is a society for everyone!

Give MUMS members a real say over what they play in EVERY concert.

Encourage and assist the social secretaries in holding extra events which aren't drinking/clubbing centred e.g. Quiz Night.

Create a flagship Chamber Music Programme, aimed at everyone but especially at players of a high standard who don't get to play in Symphony/Big Band/Adsolem Ect. as frequently as they would like.

This Chamber programme would create an opportunity for members of all years to gain valuable musical leadership skills as ensemble coaches outside of our fantastic MUMS conductor scheme.

Recognise and continue to facilitate the brilliant work of our outreach projects.

Grow our Friday lunchtime concert series through, Chamber Ensembles, wider promotion, and collaboration with more venues to showcase MUMS' members skills and compositions.

Most of all I will endeavour to make everyone feel welcome at ALL rehearsals, and make the only requirement of belonging to MUMS be a passion for making music with others!

### Why Me?

Years of experience sitting as Musical Director on four committees of musical organisations; I know how to get things done.

Producer of shows in professional theatres which last year made over £750 profit; I'm good at efficient management.

Good at representing my community. I gave a speech to the full Oxford council chamber during council cuts which prevented the closure of my local library.

Four years experience playing in OUMS, so I have seen things that MUMS do far better, but have also noticed some areas in which we could improve.
